Tuition Details

Two main options exist for tuition payment:

- Ohio EdChoice Scholarships cover the tuition costs of students who qualify. Paperwork is required by the State of Ohio, and their deadlines are very important to be eligible. Please see the EdChoice packet for more information and how to apply. There are two types of EdChoice Scholarships:
 - Traditional EdChoice Scholarships are based on the public school where your child would otherwise be assigned.
 - Expansion EdChoice Scholarships are open for any school district, and are based on the family's income and the grade level of the student.
- The other option is to personally pay for part or all of the tuition costs. Please see the private pay packet. We offer a variety of choices to help your family:
 - For families that would like to make payments, or apply for tuition assistance, we use an online system called FACTS Tuition Management, which can be accessed from the Heritage website under Admissions. If you choose a payment plan option, FACTS charges \$43 to manage that plan for you.
 - When you request financial assistance and enter your information into FACTS, we receive information about your family's need, which is used to make tuition assistance decisions. Many families are awarded aid each year from Heritage Christian School and our generous partners. There is a \$30 application fee to apply for tuition assistance.
 - For families who wish to pay in full by the last business day in July, we offer a 3% prepay discount.
