Homeschooled Student Program

Heritage offers a variety of options for homeschooling families. Using a customized approach, Heritage supplements homeschool education with courses and programs to meet the individual goals of each student.

Homeschooled students interested in taking one or more courses at Heritage use the traditional enrollment and interview process. To schedule a tour or learn more, parents are encouraged to call the office at 330-452-8271, or complete the New Student Inquiry Form online at www.hscanton.org.

Following is the tuition and fee schedule to enroll in up to four courses through the homeschool partner program. Parents in this program retain responsibility for graduation requirements of the student.
